Bulletin Boards Policy

The public library makes available public bulletin board space with the following stipulations:

All postings are to be submitted to the library staff to be placed on the bulletin board, no self-postings. Materials will be posted at the library director's discretion.

Postings are generally not returned to the submitter, and they will have to make special arrangements with the library staff should they wish to have their posting returned to them.

All postings will be dated the day they are posted by the library staff and shall be taken down after 30 days display or after an advertised event has occurred, whichever is sooner.

Postings are restricted in size to be no bigger than a legal-size (8 1/2" x 14") sheet of paper.

For sale postings or postings advertising animals or other items are not allowed.

Any postings found to be in violation of the above restrictions will be removed immediately.

**Adopted by the Board of Trustees: December 17, 2018; Reviewed: May 2023;
Amended: July 2021 Scheduled for Review: April 2026**
